ADD-ON

Gelair

Air Conditioning Blocks

Gelair™ Air Conditioning Blocks is made of Pure Australian tea tree oil, which possesses natural properties that can effectively **combat odor, mold and bacteria growth** due to humidity and dampness by promoting air sterilization and natural disinfection, improving your indoor air quality.

- Organic anti-bacterial properties to control mold & bacteria build-up inside ducts
- Acts as a natural disinfectant to control odor resulting in clean and fresher air
- Natural product with zero maintenance or energy costs, lasting for upto 3 months
- Available as an add-on to AC Aftercare Cleaning Contract
